CAREER OBJECTIVE

Passionate Full Stack Web Developer with 1.7+ years of hands-on experience, seeking a challenging full stack role where I can contribute to building scalable, high-performance web applications, grow with a dynamic team, and deliver impactful digital solutions.

PROFESSIONAL SUMMARY

Full Stack Web Developer with 1.7+ years of experience designing, developing, and maintaining dynamic web applications using PHP, Laravel, MySQL, JavaScript, HTML, CSS, and Bootstrap. Experienced working in a 2-member agile development team, delivering responsive dashboards, wallet management systems, recharge platforms, and REST API integrations. Proficient in server deployment, cPanel administration, database design, and performance optimization. Consistently delivers scalable, secure, and user-friendly solutions on time.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), Bootstrap 5, AJAX, Responsive Web Design
Backend:	PHP, Laravel Framework, REST API Integration & Development
Database:	MySQL, Relational Database Design, Query Optimization, Schema Management
Tools & Platforms:	Git, GitHub, XAMPP, cPanel, Linux Server Deployment, Hosting Configuration
Mobile:	Android Studio, Java, WebView App Development, APK / AAB Generation

PROFESSIONAL EXPERIENCE

Full Stack Web Developer | [Suxus Osho E World](#)

Jan 2025 – Present

Team Size: 2 Developers

- Developed and maintained dynamic web applications using PHP, Laravel, JavaScript, and MySQL.
- Architected and managed 300+ responsive web pages and admin dashboards for enterprise platforms.
- Integrated payment gateways, telecom recharge, KYC verification, and third-party REST APIs.
- Designed wallet systems, virtual fund ledgers, transaction tracking, and fund management modules.
- Built Android WebView applications; generated APK and AAB releases for deployment and testing.
- Administered server environments: deployment pipelines, cPanel hosting, and domain configuration.
- Implemented AJAX-driven dynamic content loading, reducing page reload times and improving UX.
- Conducted debugging, security audits, code optimization, and cross-browser compatibility testing.

PROJECTS

Mazter.online | Service & Business Platform

Tech Stack: HTML5, CSS3, JavaScript, Bootstrap 5, PHP, MySQL

- Designed and developed a large-scale dynamic web platform with 300+ fully responsive pages.
- Built admin modules for content, user, and role management with secure CRUD operations.
- Optimized cross-browser performance and managed hosting, deployment, and maintenance via cPanel.

Suxus.site | Recharge & Wallet Management System

Tech Stack: PHP, Laravel, MySQL, JavaScript, AJAX, REST APIs

- Developed a telecom recharge platform with multi-operator API integration and wallet management.
- Built virtual wallet, fund request/redeem, ledger modules, and real-time transaction monitoring dashboard.
- Integrated WhatsApp notification system for instant transaction alerts and status updates.
- Used AJAX for asynchronous page operations; managed production server deployment and maintenance.

MyDB.co.in | Tourism & Travel Booking Platform

Tech Stack: PHP, MySQL, JavaScript, Bootstrap, HTML, CSS

- Developed a tourism website showcasing travel destinations, packages, and booking inquiry features.
- Built responsive interfaces for travelers; implemented contact and inquiry management backend.
- Performed website deployment, hosting management, and ongoing maintenance.

One9.me | Business & Corporate Website

Tech Stack: PHP, MySQL, JavaScript, Bootstrap, HTML, CSS

- Developed a responsive corporate website for company services with dynamic CMS capabilities.
- Enhanced performance, navigation UX, and SEO structure; managed server deployment and updates.

NoxMobile.one9.me | Mobile E-Commerce Platform

Tech Stack: PHP, MySQL, JavaScript, Bootstrap, REST API

- Built e-commerce platform for mobile products with listing, cart, and order management modules.
- Designed seamless cross-device shopping interfaces; optimized product and customer database queries.

Android WebView Application | Mobile Wrapper Project

Tech Stack: Android Studio, Java, WebView

- Converted production web applications into Android apps using WebView; integrated native functionality.
- Generated signed APK/AAB builds; performed end-to-end testing, debugging, and app maintenance.

EDUCATION

Year	Qualification & Institution	Score
2017 – 2018	Secondary School (SSLC)	89%

2019 – 2020	Higher Secondary Certificate (HSC) GGHS School, Chinnathadagam	64%
-------------	--	------------

2020 – 2024	B.Tech – Information Technology Adithya Institute of Technology	75%
-------------	---	------------

CORE COMPETENCIES

Problem Solving • Effective Communication • Team Collaboration • Time Management • Fast Learner

LANGUAGES

Tamil • English
